

YOUR OBJECTIVES

01 Attract & Retain Top Talent

TALEX SOLUTIONS

Research, identify and connect with top talent across tech, finance, HR, marketing, comms, media, client services, sales, project management, etc. - staying ahead of the industry curve to meet our client's workforce needs.

02 People Development

Provide high-quality and accessible training. Collaborate and align with thought leaders and SME's to elevate and enhance professional development opportunities.

03 Build Diverse & Inclusive Workforce

Invest in transformative pipelines and staffing solutions based on the goals and objectives of our clients. Build diversified networks connecting with diverse candidates.

04 Strengthen Leadership Workforce

Foster relationships with the top 10% of professionals across industries and seamlessly onboard them into our client's organization.

05 Build High Performance Culture Workforce

Collaborate with clients to truly understand their business and standards. Align our hiring and recruiting practices to ensure candidates embody the culture of our client's organization.

TALEX OFFERINGS

Payroll

We become an extension of our client's hiring team. To seamlessly onboard contractors; we become the employer on record—providing payroll services to our clients and subsequently mitigating risk of co-employment. We offer transparency and real-time reporting.

Consulting Services

As a strategic partner, we will work with our clients to develop cost effective, end to end solutions that are customized for our client's specific needs (e.g. workforce strategy, change management, process development, systems analysis and migration, program development, etc.).

Staffing

We build relationships with the top 10% of industry professionals and support the management of their career opportunities. We offer contract, contract-to-hire, and direct placement options.

Diverse Talent Pipeline Development

We proactively build talent pipelines of diverse candidates based on our client's needs. We specialize in developing relationships with passive talent for future opportunities.
